2009 ENVIRONMENTAL COMMUNITY SERVICE AWARD

RAISING AWARENESS OF ENVIRONMENTAL CONCERNS WITH SCHOOLS THROUGHOUT THE DELAWARE VALLEY

Region-Wide Collaboration Spearheaded by Wawa, NBC 10 and Manko, Gold, Katcher & Fox, LLP

Philadelphia, PA (November 13, 2008) – With the success of the 2008 Environmental Community Service Award, Wawa, NBC 10, and the environmental law firm Manko, Gold, Katcher & Fox, LLP (MGKF) have united, once again, to present the Fourth Annual Environmental Community Service Award. The partners are honored to have been recognized in 2008 for the outstanding opportunity they provide to schools through this award program. In November, they received the Education Award from the Pennsylvania Resource Council and, in September, they were presented a Corporate Philanthropy Award from the Philadelphia Business Journal.

The goal of the Environmental Community Service Award is to raise awareness of environmental concerns and to encourage middle and high schools in the Delaware Valley to participate in a community service project that will enhance and improve the quality of life in their community. Each year, one high school and one middle school receive a \$5,000 honorarium to further their environmental programs. The 2008 winners were Cedarbrook Middle School in Wyncote, Pennsylvania and Gateway Regional High School in Woodbury Heights, New Jersey. Winners from 2007 were W.B. Saul High School of Agricultural Sciences, Sadie Tanner Mossell Alexander University of Pennsylvania Partnership School both in Philadelphia. In 2006, the winners were Friends Central Middle School in Merion, PA and Camden High School in Camden, New Jersey.

The applications for this year's Environmental Community Service Award are available online at www.wawa.com, www.nbc10.com and www.mgkflaw.com. All applications must be signed by a school official and submitted by Friday, February 20, 2009. Winners will be announced just prior to Earth Day, Wednesday, April 22, 2009.

Representatives from The Franklin Institute, the Academy of Natural Sciences, Pennsylvania and New Jersey's Department of Environmental Protection, and Delaware's Department of Natural Resources and Environmental Control will judge the environmental competition. Individuals from each of the sponsors, Wawa, NBC 10 and MGKF, will also judge.
