October is National Car Care Month

AAA Mid-Atlantic, Wawa Continue Years-Long Partnership To Benefit Motorists

Wawa, PA, September 21, 2010 – Automotive expertise doesn’t come cheap, but AAA Mid-Atlantic is giving it away for free during National Car Care Month.

Throughout October, AAA Mid-Atlantic is offering motorists a free 40-Point Car Care check-up at more than 20 Car Care events around the auto club’s territory. Among those events are seven are scheduled at Wawa at locations in Pennsylvania, Maryland and Virginia.

AAA Mid-Atlantic and Wawa are natural partners in these events, which provide sound advice and expert service to motorists. All motorists – AAA members and non-members alike – are welcome to attend a Car Care event.

These events are an opportunity for car owners, free of charge, to:

- Prolong vehicle reliability
- Increase vehicle performance and fuel efficiency
- Potentially save hundreds of dollars on a big repair bill.

“We are bringing AAA’s automotive expertise to Wawa customers,” says Tracy Noble, AAA Mid-Atlantic Manager of Public and Government Affairs. “This AAA partnership with Wawa is a win-win for motorists and Wawa’s patrons. Thousands of drivers who fill up their gas tanks at Wawa will have the chance to get a free car care check from AAA, which may save them a costly repair or breakdown down the road.”

AAA Mid-Atlantic’s free 40-point check-up will help get motorists through these tough times and the rough winter weather ahead by inspecting:

- Power steering, transmission and brake fluid levels
- Belts and pulleys, battery and tires
- The radiator, defroster and heater
- And much more!

Following the check-up by AAA’s automotive experts, motorists will receive advice and a diagnostic report to take with them. This report will document vehicle issues identified by AAA’s automotive experts that need further inspection or repair.

About Wawa, Inc.

Wawa, Inc., a privately held company, began in 1803 as an iron foundry in New Jersey. Toward the end of the 19th Century, owner George Wood took an interest in dairy farming and the family began a small processing plant in Wawa, Pa, in 1902. The milk business was a huge success, due to its quality, cleanliness and "certified" process. As home delivery of milk declined in the early 1960's, Grahame Wood, George's grandson, opened the first Wawa Food Market in 1964 as an outlet for dairy products. Today, Wawa operates more than 570 stores in Pennsylvania, New Jersey, Delaware, Maryland and Virginia.
